

Please describe improvement to be made: *Example: Surface material, change of material, change of grade.*

Driveway material to be installed:

Apron material to be installed:

Will roadway curb or water flow line be altered in any way? Yes No
If yes, please explain:

Describe how stormwater from the driveway/private road will not enter the cart way:

A driveway/private road and its apron may extend from the right-of-way line of the street to the curb or paved shoulder of the street but shall not change the grade or contour of the street right-of-way nor shall any person cut into, fill, or in anyway alter any gutter, curbing, drainage ditch, or storm water/sanitary sewer within the right-of-way of a street or easement without first obtaining a permit from the Borough.

All work must be done in compliance with the Borough of Fox Chapel Standard Details for Driveway & Private Road Connection to Street with Curb and/or Driveway & Private Connection to Street with No Curb. The Standard Details are included as part of this application.

The Borough is not responsible for damage, maintenance, salvage or replacement of materials placed within the Borough road right-of-way, the driveway/private road or its apron.

During roadway construction projects, the Borough will not be responsible for the salvage of any materials in the apron and bituminous paving will be installed in the driveway/private road apron.
